Hyde Park hires firm for intersection design December 4, 2007

HYDE PARK - The town is preparing to improve the intersection of Route 9 and Pine-woods Road.

The Hyde Park town board has voted to hire Chazen Companies to design the proposed rehabilitation of the busy intersection. The local engineering firm will be paid up to \$8,000 for its work.

Councilwoman Carol Lally-Metz said the improvements will help revitalize the commercial corridor of Route 9.
