CHAZEN COMPANIES ANNOUNCES PROMOTIONS

POUGHKEEPSIE, NY (February 12, 2010) – The Chazen Companies, a leading provider of engineering, land surveying, environmental consulting, planning, and landscape architecture services, announced three promotions today among their professional staff.

Eric Johnson, P.E., LEED® AP, was promoted to Senior Project Manager/Senior Project Engineer. Eric joined Chazen in 2005 and has 12 years of professional experience, receiving his PE in 2003. Eric has been one of the primary engineers for many of Chazen's significant NYSOGS and municipal clients in the Albany area including the OHS Facility Improvements, the Village of Menands water/sewer improvements, and the Village of Stillwater water transmission main design. Mr. Johnson resides in Delmar.

Anthony Eagan, P.E., was promoted to Project Manager/Project Engineer. Anthony joined The Chazen Companies in 2005 and has seven years of professional experience, earning his P.E. in 2007. As part of the Poughkeepsie Municipal team, Mr. Eagan had oversight this past year of four DEP wastewater treatment plant upgrade projects, three of which were in construction at the same time. Each of the projects was functionally completed on schedule and within budget. Mr. Eagan resides in Middletown.

Arlette Meader was promoted to Senior Scientist/Project Manager. Ms. Meader is a key part of Chazen's environmental regulatory compliance and remediation service team and has been with the Company since 2007. With over 14 years of diversified professional experience, she has shown adept technical and regulatory skill for some of the firm's largest and most complex clients and projects such as a new Lowe's Home Improvement Center in Glenville and remedial activities for International Baking in New Jersey, as well as several environmental restoration projects in Warrensburg and Franklin County. Ms. Meader resides in Glens Falls.

"A benchmark of any firm's strength is its ability to promote from within," said the firm's President Mark Kastner, P.E. "We're pleased to recognize the accomplishments of staff like Eric, Anthony, and Arlette who continue to provide our clients with the top-notch professional skill and service they've come to expect of us over these past 60 years."

The Chazen Companies is a professional services firm offering engineering, land surveying, environmental consulting, planning, and landscape architecture services. With more than 40 licensed or certified employees and 19 LEED® Accredited Professionals among a staff of over 100, Chazen serves clients from private land developers to municipalities, private industry, healthcare, education, and more through offices in Poughkeepsie, Troy, and Glens Falls, New York.
