CHAZEN COMPANIES HIRES NEW SENIOR HYDROGEOLOGIST

TROY, NY (January 23, 2012): The Chazen Companies, a leading provider of engineering, land surveying, environmental, planning, and landscape architecture services, is pleased to welcome Kevin McGrath as a Senior Scientist in the firm's Environmental Group.

"We are very excited to have Kevin on board," said Russell Urban-Mead, Vice President of Environmental Services. "He brings a great resume of diversified project experience and business development skills."

Mr. McGrath has over 19 years of environmental hydrogeologic experience, specializing particularly in remedial investigations and remedial design/implementation, as well as in-ground chemical treatments and other creative client solutions. Receiving both his BS and MS degrees in geology from RPI, Mr. McGrath worked for another full-service engineering, land surveying, environmental and planning consulting firm prior to joining Chazen.

Founded over 60 years ago, The Chazen Companies is a professional services firm offering engineering, land surveying, environmental, planning, and landscape architecture services. With more than 40 licensed or certified employees and 20 LEED® Accredited Professionals among a staff of 100, Chazen serves a diverse range of clients, including land developers, municipalities, healthcare and educational institutions, and private industries through offices in Poughkeepsie, Troy, and Glens Falls, New York.
